C3017 TO RECEIVE A REPORT FROM THE POLICE

The Clerk spoke to the report forwarded by the police. The police apologised for being unable to attend and there being no report forwarded for the September meeting. With regard to the speed gun statistics, PC Mark Hopkins carried out the most recent set of checks. He collated a list of motorists in the Treverva area who were found to be over the 30 limit and consequently had warning letters produced and forwarded to the offenders. PC Huddlestone had been unable to find the exact figures.

There are a few changes afoot, PCSO Ben Gardiner, had joined the team and will assume responsibility for Budoock, Mawnan and Constantine, while PCSO Huddlestone would retain Mabe, Stithians and Ponsanooth although they would both be working together across the six parishes. It also seemed likely that PC Dave Cook would be making a return as Beat Manager in November.

PCSO Huddlestone referred the Council to the Neighbourhood Policing links for crime statistics

Budoock had one crime recorded last month, being a Burglary at the Kergilliack SWW plant. Enquiries were continuing.

Cllr Fairbank asked the Clerk to again ask for details of the usage of the speed gun in the Budoock Parish to include the dates and areas that it was used. Members asked that the police are requested to complete periodic speed testing in the Parish.

C3018 TO RECEIVE A REPORT FROM THE CORNWALL COUNCIL WARD MEMBER

Cllr Hatton reported that:

- Footpaths – the re-structuring of Cornwall Council was ongoing and it had not yet been decided which department would be responsible for footpaths.
- The highways grant is only available for capital projects.

- He had toured the Parish with Mr Biddick from the highways department. The parking issues on Vicarage Hill were discussed. There was not an easy solution as many measures would create parking issues in other areas. Mr Biddick was looking at possible schemes that would be suitable for the area.
- Speed Visor – Mr Biddick was re-visiting the data collected for a speed visor in Budock.
- Salt Bins – in 2011 all highways owned salt bins would be removed unless the Town and Parish Council's took over responsibility for them. Cllr Hatton said that he would purchase salt bins and fill them with salt for the Parish of Budock through his highways grant, he would then transfer the bins to the Parish Council. It was suggested that bins be placed by Treverva Village Hall, Budock Store, Budock Village Hall and School Hill. Cllr Hatton would confirm the positioning of the bins with highways. He said that there was training events planned on the 8th and 22nd November 2010 at Scorrier.

Further to discussion it was proposed by Cllr Fairbank, seconded by Cllr Hennel and:

RESOLVED that the Parish Council accept the four salt bins offered by Cllr Hatton.

It was also agreed that Cllr McCabe or Fairbank would attend the training course in Scorrier.

- Rosemerryn Farm – there had been complaints regarding overhanging trees. He had visited the site with highways. It was noted that single decked buses could get through ok. The road was not designed to accommodate large high sided lorries. There was nothing that highways could do and suggested a having a word with the land owner as the trees were their responsibility.
- The times of refuse collection would be changing due to the closure on United Mines. All waste for collection needed to be put out by 7am. The recycling collections would not alter.
- Cllr spoke to a list of facilities in the Parrish. The junior church needed to be added. The list formed the basis for village sustainability.
- Cornwall Council had taken pre-emptive steps to identify savings within the budgets. It was proposed that 90% of the savings would be made internally. Cornwall Council is the second largest unitary authority in the country. They were looking at the large number of assets that they owned.
